St. Edmund's Badminton Society

The Society

We have weekly badminton sessions for college members, and hold badminton matches with other colleges in the Inter-college Badminton League.

The Best Thing

We are a very open club. There are many chances for players to play against each other, or to represent the college in matches against other colleges. There are players of various skill levels here, and the emphasis is on having fun and the love for the sport.

Time Commitment

We typically hold sessions every week, at different timings. In the past year, our sessions normally were every Tuesday and Thursday afternoon, but this is subject to change. We understand that students typically have very packed schedule. Hence, our sessions are normally free and easy, and players typically come if their schedule allow. We would post ahead on our facebook group the timings of each week's sessions and recommend that players that can come indicate in the poll, so that there's a grasp on number of players for each session.

For inter-college matches, we would plan ahead to suit participating players' schedules, but once confirmed, we recommend that players come punctually at the agreed time.
